COMPANY PROFILE

Welcome to the world of **AKSHAR INDUSTRIES !**

Akshar Industries has been formed by Mr Shyam S. Vijan & Mrs Meena S. Vijan having vivid experience and wide exposure in stationery industry. Started Amba Pen Industries in 1998. Mr Shyam S. Vijan was founder director of Aarti writing Products Pvt. Ltd. Started in 2002. Stationery products range launch in market in the brand name of "AVIVA".

Akshar Industries has successfully transformed the avatar of basic pencils into characters that understand children and help them express their mind in refreshingly manner. We take pride in our understanding of what children want and we also feel proud that our understanding about children's psyche comes from our emotional culture. Akshar Industries offers exciting range of polymer hex / triangle / rubber tip pencil, sharpeners, erasers with different shapes & size, color pencils, wax crayons, scales, mathematical instruments set and ball-point pens to suit everyone's mood and taste. All Akshar Industries products come with affirming assurance of meeting global quality standards as we create them like precious pieces of art at our ultramodern facilities at Umbergaon Road, Gujarat, India. Amazed why we feel so sure about quality of our product as well as its performance.

Wise people have said it rightly that if you enjoy creating something, everyone will enjoy having your creation with them. For years, Akshar Industries has thoroughly followed this simple yet effective principle in all its business activities. Be it about manufacturing pencils, sharpeners, erasers, scales and mathematical instruments set, or about adapting ourselves to fast-changing global manufacturing and quality norms, we have always and successfully mend us to be among the best, the leaders. Our world of work is always filled not with load of responsibility but with the joy of delivering extraordinary things to the world. After all, we are like those imaginative children who inspire us to be honest, candid and accurate in whatever we do.

We are looking forward for OEM & Export customers.

Wish you happy writing,
Shyam Vijan
Partner
